TEACHER TRAINING PLAN FOR THE ADVANCED SECONDARY CURRICULUM

As you may be aware, the National Curriculum Development Centre aligned the Advanced Level Curriculum to the Lower Secondary Curriculum to make it competency based and learner centered. The reviewed Advanced Secondary Curriculum started being implemented in schools since February 2025, starting with Senior 5.

The Ministry of Education and Sports in liaison with NCDC has scheduled a nationwide teacher training exercise to equip teachers of the advanced level with the required skills for successful implementation of the reviewed curriculum. Each school is to send five (5) teachers of advanced level to the pre-selected training center, as specified in the attached training schedule.

This training will be funded through a cost-sharing arrangement between the NCDC and the school sending the individual teacher for training (refer to Circular No. 3/2025 from the Permanent Secretary, Ministry of Education and Sports). The NCDC will cover the facilitators' allowances, all participants' meals, and a modest contribution towards the trainees' accommodation. The participant's school will bear the remaining costs.

Please note that this training is exclusively for teachers of the advanced level.

Thank you for your continued collaboration.

Yours sincerely,

Dr Bernadette Nambi Karuhanga
