PREFACE

This book has been written with the purpose of providing information to the education sector and general public on all the titles of books that have been published by National Curriculum Development Centre (NCDC) over the years. It also contains titles of materials which have been evaluated by NCDC and are recommended for use in the support the implementation of the national curriculum at the primary, secondary, and tertiary levels of education in Uganda.

This structure of the catalogue is as follows: the title of the book, its author/publisher, International Standard Book Number (ISBN) for those that have it, the year of publication, and the Evaluation Certificate number which is given to materials which are not published by NCDC but have been evaluated and approved by NCDC.

We welcome any suggestions for improvement so that we make our service delivery better. Please get to us through P. O. Box 7002 Kampala or email us through admin@ncdc.go.ug.

Dr Grace K. Baguma
Director,
